This month the RPMC kicked off our first official training for the Operation Connecting Milwaukee initiative. Volunteers were joined by State Senator Julian Bradley who wholeheartedly supports and tried pushing for the very idea of relational politics in the county party system. If you are looking to get involved, please see the Advertising on (page 3).

Chairman Hilario Deleon joined fellow conservative activists and community activists at Tu Casa Mexican Restaurant & Bar to discuss the issue of Bidenomics with Latino voters.

Bidenomics is hurting everyone, just having conversations with people who normally don't engage in politics helps open the door for them to get involved and even vote.

Tammy Baldwin Voted Against Kate’s Law, Supported Weaker Penalties for Terrorists, Felons Crossing Border Illegally

U.S. Senator Tammy Baldwin, D-Wisconsin, voted against a bill that would have created tougher criminal penalties for terrorists and aggravated felon illegal immigrants who are repeatedly deported but cross the border illegally again.

It was called “Kate’s Law.”

As the country faces a crisis at its border, we have decided to educate voters on Baldwin’s illegal immigration record. Conservative businessman Eric Hovde is running against her.

For years, she has been voting against efforts to get tough on illegal immigration and border security.

Kate’s law is an example of this. Baldwin voted AGAINST the get-tough-on-illegal-immigration law named after Kate Steinle, the California woman who was shot to death while walking along a pier with her family. An illegal immigrant who had been deported five times was accused in her death. He claimed it was an accident, which led to his eventual acquittal on the murder charge but a conviction on a firearm offense stood.

March 20th 2024

Happy 170th Birthday to the Republican Party!!!

March 5, 1770 – The Boston Massacre occurred as a group of rowdy Americans harassed British soldiers who then opened fire, killing five and injuring six. The first man killed was Crispus Attucks, an African American. British Captain Thomas Preston and eight of his men were arrested and charged with murder. Their trial took place in October, with colonial lawyer John Adams defending the British. Captain Preston and six of his men were acquitted. Two others were found guilty of manslaughter, branded, then released.

THIS MONTH IN HISTORY

March 4, 1789 – The first meeting of the new Congress under the new U.S. Constitution took place in New York City.

March 23, 1775 – Patrick Henry ignited the American Revolution with a speech before the Virginia convention in Richmond, stating, "I know not what course others may take; but as for me, give me liberty, or give me death!"

March 17, 1776 – Early in the American Revolutionary War the British completed their evacuation of Boston following a successful siege conducted by Patriots. The event is still commemorated in Boston as Evacuation Day.

Birthday – American soldier and politician Sam Houston (1793–1863) was born in Rockbridge County, Virginia. As a teenager he ran away and joined the Cherokee Indians who accepted him as a member of their tribe. He later served as a Congressman and Governor of Tennessee. In 1832, he became commander of the Texan army in the War for Texan Independence, defeating the larger Mexican army in 1836 at the Battle of San Jacinto. He then served as Senator and Governor of the new state of Texas but was removed in 1861 after refusing to swear allegiance to the Confederacy

THIS MONTH IN HISTORY CONTINUED...

March 4, 1830 – Former President John Quincy Adams returned to Congress as a representative from Massachusetts. He was the first ex-president ever to return to the House and served eight consecutive terms.

March 9, 1864 – Ulysses S. Grant was commissioned as a Lieutenant General and became commander of the Union armies.

March 6, 1836 – Fort Alamo fell to Mexican troops led by General Santa Anna. The Mexicans had begun the siege of the Texas fort on February 23rd, ending it with the killing of the last defender.

"Remember the Alamo" became a rallying cry for Texans who went on to defeat Santa Anna in the Battle of San Jacinto in April.

Birthday – Albert Einstein (1879–1955) was born in Ulm, Germany. His theory of relativity led to new ways of thinking about time, space, matter and energy. He received a Nobel Prize in 1921 and emigrated to the U.S. in 1933 where he was an outspoken critic of Nazi Germany. Believing the Nazis might develop an atomic bomb, he warned President Roosevelt and urged the development of the U.S. Atomic bomb.

Birthday – Telephone inventor Alexander Graham Bell (1847–1922) was born in Edinburgh, Scotland. Bell and his father were involved in teaching deaf persons to speak. Bell developed an interest in the vibrating membrane as a method of electrically transmitting sounds. His very first sentence spoken on the newly invented telephone on March 10, 1876, was to his assistant, "Mister Watson, come here, I want you."

March 5, 1946 – The "Iron Curtain" speech was delivered by Winston Churchill at Westminster College in Fulton, Missouri. Churchill used the term to describe the boundary in Europe between free countries of the West and nations of Eastern Europe under Soviet Russia's control.
